

# Bring labels to life

VC-500W full colour label  
printer

[www.brother.eu](http://www.brother.eu)

Print full  
colour labels  
on demand,  
without ink!

The VC-500W compact label printer gives you full colour labels on demand from your PC, Mac, smartphone or tablet.

- Uses ZINK® Zero-Ink® Printing Technology to produce full colour labels without ink!
- Print labels 9mm to 50mm wide.
- USB port to print from PC/Mac.
- Wi-Fi connectivity to label from iOS and Android devices.
- AirPrint to easily print photos from your iOS device.
- Free label design software for Windows and Mac, and app for your smartphone or tablet.

**Design labels  
on your  
computer or  
mobile device**

**Add photo's,  
frames and  
text. Choose  
fonts, colours  
and more!**

## PC and Mac

P-touch Editor label design software gives you powerful editing tools to create the ideal label for your workplace.

- Available as a free download from Brother.
- Include images such as a photo or a company logo.
- Hundreds of built-in clipart, symbols and frames to choose from.
- Link to text contained in an Excel or .csv file to easily print multiple labels with variable information.

## Android and iOS

Brother Color Label Editor connects to the VC-500W using your Wi-Fi connection in your smartphone or tablet.

- Available as a free download from the Apple App Store or Google Play Store.
- Include images such as a photo or a company logo.
- Lots of colourful backgrounds, clipart, frames and fonts to choose from.
- Create, edit and print bright, colourful labels directly from your personal device.
- Supports Apple AirPrint to allow direct printing of photos from your camera roll.

# Full colour roll cassettes

Available in 5 different widths, Brother full colour label rolls use ZINK Zero Ink printing technology to produce full colour labels without ink or toner cartridges. Simply slot the required roll into the back of the printer to create labels for many applications all around the office.
